Marketing Presentations

The second talk in a series of presentations by industry speakers and organised by the Marketing Department was held at the College on Tuesday, 12 March. This presentation was delivered by Ms Stephanie Ganado, a Marketing consultant, and focused on Marketing in practice.

Plastikaxxa on College Campus

Plastikaxxa has been installed in the Pjazza this week. JC students and members of staff are encouraged to make use of Plastikaxxa to recycle plastic bottles and plastic caps (the latter collected in aid of Istrina).

Plastikaxxa is being brought to you through a joint collaboration of Junior College and environmental NGO Żibel (Malta).

Eyeing the future... opportunities

The Ministry for Health in Malta has acquired European Union Funds in order to sponsor Maltese trainees to follow a three(3)-year course at a University abroad leading to a Bachelors Degree in Optometry or a Bachelors in Orthoptics. These funds will provide full sponsorship for the trainees with paid tuition, subsistence allowance for accommodation and daily living expenses, travel expenses as well as being employed by the Ministry for Health and receiving a trainee salary during the three(3)-year course, and receiving employment following successful completion of the course.

Selected students will start in September 2019. The students will need to be accepted by the selected universities and need to meet the necessary criteria, as well as undergo an interview with a Selection Board.

This will be held on 20 March at 14:00 in the Conference Room.
